**WE SEEK YOUR PARTICIPATION IN THE 2011**  
**SENECA COUNTY FAIR**

The 169th fair has many new and exciting things planned to interest both young and old alike. A place for friends and families to come together to enjoy the friendly competition and proud display of projects and products from exhibitors that have worked so hard to accomplish and complete.

Thanks to the many volunteers that make the Seneca County Fair a huge success: the Seneca County Firemen, EMT's, EMA, Radio Operators and Sheriff's Deputies for keeping us safe; the endless list of financial and equipment donations along with the contributions of Local and State Government; the Junior Fair Foundation and the Kneeskern Foundation for the financial support that made our last restroom project possible; the Junior Fair Advisors and leaders, and especially the many volunteers that work behind the scenes to make this great event happen.

A special thank you to the directors and their families that give tirelessly of their time and money to fulfill their commitments to the fair and to the many visitors that enter our gates.

Thank You!

We look forward to seeing you at the 2011 Fair.

Calvin Staib, President

**RULES FOR EXHIBITING IN SUPER BARN**

Open class animals and junior fair animals will be displayed separately within the beef and dairy departments whenever possible.

Open Class and District Beef animals will be displayed in the rotation area provided. These animals will be dismissed at the conclusion of the scheduled show on Tuesday night. Area must be clear by 12:00 midnight. Any exceptions to this rule must be approved by the department advisors. Junior fair clubs or chapters will group their animals into club exhibits.

Exhibit dividers may be used but exhibitors must provide their own and they must be installed under the supervision of the department advisors.

No stakes are to be driven into the floor without the permission and supervision of the department advisors.

Tail boards may be used providing no stakes are used to hold them in place. Carpeting is not to be used in the aisles.

Everything brought in for use during the fair must be removed at the end of the fair if the exhibitor wants his/her premium.

The exhibitors are expected to keep the aisles clean and free of obstruction.

Manure to be piled at the designated area north of the Super Barn!

Manure to be kept free of all foreign material, such as glass, metal, paper, etc.

As space is allotted to each exhibitor group, some space will be provided for feed and equipment storage. Total number of animals to be exhibited can limit the amount of space allowed for storage.

Special attention needs to be given to the location of grooming crates when being used and when empty. They have become a part of the total exhibit and should be treated accordingly (including club or chapter awards).

In order to assure adequate air circulation, space needs to be left open between the top of the tie rail and the bottom of decorations mounted above the tie rail. Signs need to be presentable on both sides of decorations. Decorations should be supported by 2"x4" supports nailed to the tie rails, not to exceed a height of ten (10) feet above the floor and be centered for the group exhibit. No streamers or paper except exhibit cards are to be attached to the decorations. The tie rails are not to be painted.

The Junior Fair barn awards will be based on the entire club or chapter exhibit area.

Livestock trailers must be removed from the Super Barn area as soon as possible after unloading or loading animals and/or equipment. They may be parked in an area just outside and southeast of the Gate 2 entrance or west of race horse barn area for the duration of the fair.

The area south and east of the horse show arena entrance gate shall be reserved for horse makeup area and no parking to be allowed in that area any time by other exhibitors.

NO grooming shoots or generators on south side of driveway on south side of Super Barn.

Cars and trucks with Gate passes are permitted to drive to the area outside their animal exhibit area for

purpose of loading or unloading feed or equipment only. (Any abuse of this privilege will result in a tow-removal at the owner's expense.)

Such cars and trucks with Gate stickers shall be parked for extended times in areas so designated.

#### Wash Rack Rules

Each wash rack has space for no more than nine (9) animals to be washed at one time. Animals are to be tied to the posts, not the rails. Each exhibitor should have only one of his/her animals on the wash rack at one time.

Animals to be washed are to be on the rack pad, not outside.

Other animals are not to be tied on the outside of the wash rack.

Grooming crates are not to be used on the wash rack pad.

All washing equipment (pressure washers, hoses, soap, brushes, etc.) used is to be brought in and out with you. Washing equipment is not to be left on or near the wash racks. Any equipment left on the wash racks will be discarded.
